

## Department of Energy

Washington, DC 20585

NOV 04 1994

Davor Pevec, Esquire  
Counsel to the Enewetak/Ujelang  
Local Government Council  
1001 Bishop Street  
Suite 2424, Pauahi Tower  
Honolulu, Hawaii 96813

Dear Mr. Pevec:

This is to inform you that the Department of Energy's annual Marshall Islands Program Review meeting will be held at the San Francisco Hilton and Towers, December 6-8, 1994. A block of rooms have been reserved for this purpose beginning the night of December 4, 1994, under the identification of the "Department of Energy annual meeting." You need to make individual arrangements for lodging payment and reservation commitment. We have obtained a Government rate of \$96.00 per night plus 12 percent tax. Please call Ms. Lori Lewis on 415-923-5042 to place your reservation and obtain travel directions from the airport. You will also need to indicate whether you are booking a single or double occupancy room.

A tour of Dr. William Robison's facilities at the Lawrence Livermore National Laboratory (LLNL) is scheduled for the morning and early afternoon of December 8, 1994. Since LLNL is located outside of San Francisco, LLNL will provide transportation between the Hilton and the Laboratory. If you plan to attend the tour, it is imperative to obtain prior LLNL security clearance. Marshallese citizens need to provide their place and date of birth, current country citizenship, and social security number (if applicable) to Mr. Thomas Kijiner, Jr., or to Mr. Capelle DeBrum in Majuro, no later than November 15, 1994. United States citizens need by this date also, in addition to that required above, to provide their affiliation and title to Ms. Rayla Bradsher of LLNL on 510-422-3884. Everyone will need to provide picture identification at LLNL before the tour commences or else you will not be granted access.

I look forward to seeing you at the meeting. We are currently assembling the agenda and will forward to you over the next several weeks. If you have specific topics to be placed on the agenda, please contact Mr. Thomas Bell on 301-903-5728, no later than November 15, 1994.

Sincerely,

A handwritten signature in cursive script, reading "Harry J. Pettengill", is written over the typed name.

Harry J. Pettengill, Ph.D.  
Director  
Office of International  
Health Programs
